

welcome home.

Let's change the world.

Developer (Mobile, Backend or Frontend)

Runtastic develops a continuously evolving portfolio of apps and online services to track fitness and health data. Together with adidas, we create exceptional experiences for our worldwide community. We work in a fun start-up environment and have team members from all over the world. As change makers, we share a passion for cutting-edge technology and the vision of making the world a healthier place.

 FULL TIME

 LINZ, VIENNA

YOUR MISSION

Join our Software Engineering team, apply your knowledge and learn from the best. As member of an agile project team, you will write code used by millions of users worldwide.

We offer **internships** (which may lead to permanent employment – **part-time** or **full-time**) and **entry-level** positions in the following fields:

- Mobile (*Android or iOS*)
- Backend (*Ruby*)
- Frontend (*JavaScript*)

YOUR PROFILE

- Student or graduate of (Business) Informatics, Computer Science or a related field
- Enthusiasm for the respective field
- Ideally, first relevant experience
- Very good English skills, German is a plus
- Willingness to learn, to build cool stuff and to work as part of an awesome team
